Update on Northern Pass Project

An information session will be held on Tuesday, April 12 at the New Hampton Community School at 6pm. Will Abbott from the Society for the

Protection of New Hampshire Forests (SPNHF) will give a power-point presentation and advice on writing your scoping comments, due by April 12.

Scoping Comments Accepted until April 12

US Department of Energy (DOE) Scoping Meetings were held in order for you, the public, to define the scope of the study you want the DOE to conduct for the Impact Statement of the Northern Pass Project. These scoping meetings were an opportunity to say what you wanted studied during the next phase of the EIS (Environmental Impact Study) process. The numbers of people that turned out were impressive, as were the statements from the hundreds that spoke, but now it is your turn.

Go to the DOE EIS website:

<https://secure.netsolhost.com/northernpasseis.us/Involved/commentForm.asp>

Complete the form with your contact info and then use the space at the bottom to request a study of... whatever is important to you!

More information can be found on the Internet under "Northern Pass" and the Town website www.new-hampton.nh.us

LOCAL POLICE DEPARTMENTS WORK WITH DEA FOR THE COLLECTION OF UNUSED, EXPIRED AND UNWANTED PRESCRIPTION DRUGS Saturday, April 30, 2011 from 10am to 2pm

This spring, the Drug Enforcement Administration (DEA) and its national and community partners will give the public another opportunity to prevent pill abuse and

theft by ridding their homes of potentially dangerous expired, unused, and unwanted prescription drugs.

On Saturday, April 30th, from 10 a.m. to 2 p.m., DEA and its partners will hold their second National Prescription Drug Take-Back Day at sites nationwide. During this timeframe any pharmaceutical (prescription or over-the-counter) drug may be dropped off at the locations listed below. The service is free and anonymous--no questions asked. All efforts will be made to protect the anonymity of those disposing of the medications and no requests for identification will be made by police. Intravenous solutions, injectables, syringes and aerosol inhalers will not be accepted. Once collected, the drugs will then be turned over to the DEA and destroyed.

A number of area police departments will be participating in this prescription drug collection effort:

- Alexandria Transfer Station, Smith River Road - sponsored by Alexandria Police Department
- Ashland Police Department, 20 Highland Street
- Bristol Police Department, 230 Lake Street
- **New Hampton Fire Station, 48 Route 104 - sponsored by New Hampton Police Department**
- Plymouth Police Department - 334 Main Street
- Woodstock Police Department, 165 Lost River Road

In addition to the list provided above, community members can find a nearby collection site by visiting www.dea.gov, clicking on "Got Drugs?" and entering their zip code.

Further information can be found on the town website.
