Proposed Public Safety Building Article #2 on the 2011 Town Warrant

Frequently Asked Questions Relative to the Proposed Public Safety Building

WHAT services will be in the Public Safety Facility?

It will house Police Department, Fire Department, Emergency Medical Services (EMS) and EOC-Emergency Operations Center.

WHY do we need this building?

The current metal framed Fire Station was built in the 1960's and does not meet the operational or safety needs of the Fire Department, nor does it comply with State and Federal requirements. When it was built our community responded to 20-30 fire calls a year. Today we respond to over 500 Fire/Rescue and Emergency Medical calls a year and provide an additional 400+ requests for assistance from the public.

The current Police Station is in the second floor of the Town Office building. It lacks proper work space, has several safety concerns **SEE THE TOWN WEBSITE FOR ALL THE QUESTIONS AND ANSWERS TO THE "FREQUENTLY ASKED QUESTIONS"**.

If you have questions that you would like to submit relative to the Public Safety Building please email selectmen@new-hampton.nh.us
